## Measurement Scales Used in Elderly Care (Paperback)

By Abhaya Gupta, Almas Rehman

Taylor Francis Ltd, United Kingdom, 2008. Paperback. Book Condition: New. 1 New ed.. 242 x 170 mm. Language: English . Brand New Book. This unique, concise ready reference for daily use collates for the first time the most useful, practical and simple assessment scales used in geriatric settings. It provides tools to identify clinical conditions and health outcomes objectively and reliably. It is essential as a clinical primer and everyday reference guide for all practising and training members of multidisciplinary teams, including consultants and doctors in specialist training, career grade doctors and general practitioners, and medical students; nurses, health visitors, dieticians, and social workers; allied health professionals such as physiotherapists, occupational therapists, speech and language therapists; and managers of elderly care services. Assessment is central to the practice of Geriatric Medicine. All members of the multidisciplinary team require a sound knowledge of the basic principles of measurement scales. We need to be competent in using and selecting appropriate scales, understanding which scales are valid and fit for purpose. Unfortunately, up to now, this has been a difficult task often requiring reference to original papers. Dr Gupta's scholarship has come to the rescue. He has trawled through the many hundreds...
