

My Journey to the Son: The Surrogacy Road

Filesize: 4.91 MB

Reviews

Most of these ebook is the perfect publication offered. Sure, it really is play, still an interesting and amazing literature. You wont truly feel monotony at whenever you want of your time (that's what catalogs are for about in the event you check with me).

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 164 pages. Dimensions: 9.0in. x 6.0in. x 0.4in. My Journey to the Son: The Surrogacy Road was based on the true story of Roberto A. De Souza, a single man going against all odds for a chance to have his biological child using a gestational surrogate in India and an egg donor from the United States. During his journey, he learned that the road of surrogacy wasn't an easy path to walk on, as he was led to believe in the beginning, but in despite of all obstacles, he kept going on in his journey, to find out that in the end of the road there is a fork, if you go right you get to have pure joy in your life, your dreams become true, you have a baby, but if you go left, you are doomed, there is no baby, sometimes there is no more money or psychological power to go back to the road and start it over and the bad news about this fork in the road, that no surrogacy company tells you is: You do not get to choose if you take right or left. The left part of the road is pure stress, cruel and emotionally destructive. This item ships from La Vergne, TN. Paperback.
