A complete home health guide for treating more than 150 common illnesses with the stimulation of acupressure points. Provides treatment points for conditions ranging from diabetes and heart problems to insomnia and stage fright. Each treatment protocol includes Dr. Dalet's guidance on how acupressure can best help the situation--whether it is capable of completely curing a condition or whether it should be used in conjunction with other healing modalities. A valuable resource for any home, the acupressure treatments presented in this book can provide immediate relief to pain and injuries as well as be used preventively.
