

## How (Not) to be Secular: Reading Charles Taylor

Filesize: 1.24 MB

### Reviews

*This pdf will not be simple to start on reading through but extremely enjoyable to see. I have read and i also am sure that i will planning to read through again once more in the foreseeable future. You wont really feel monotony at whenever you want of the time (that's what catalogues are for relating to if you request me).*

William B Eerdmans Publishing Co. Paperback. Book Condition: new. BRAND NEW, How (Not) to be Secular: Reading Charles Taylor, James K. A. Smith, What does it mean to say we live in a "secular" world? Charles Taylor's landmark book *A Secular Age* (2007) provides a monumental history and analysis of what it means for us to live in our post- Christian present - a pluralist world of competing beliefs and growing unbelief. This book by Jamie Smith is a compact field guide to Taylor's genealogy of the secular, making that 900-page work accessible to a wide array of readers. Smith's *How (Not) to Be Secular* is also, however, a philosophical guidebook for practitioners - a kind of how-to manual that ultimately offers guidance on how to live in a secular age. It's an adventure in self-understanding and a way to get our bearings in postmodernity. Whether one is proclaiming faith to the secularized or is puzzled that there continue to be people of faith in this day and age, this book is a philosophical story meant to help us locate where we are and what's at stake.
