Brand New Book ***** Print on Demand *****.Excerpt from How to Plan, Finance and Build Your Home Our Bureau is a non-profit making organization. It is a limited dividend corporation with small capital. What profits accrue go into the betterment of the service - all of which you receive in lowered costs for plans and service. We want you to know and remember these facts about our Bureau. We want you to enjoy the benefits of the best skill and architectural help available at modest charge - a charge so low that it is negligible when you consider the protection, the satisfaction and savings that such service will make for you. In no way are we departing from accepted and established standards of architectural practice. Our function is to supply and render service up to and including six primary rooms. After that we recommend that an individual architect be employed. Our Bureau is unbiased. We have nothing to offer except well-studied, well-prepared, ready-to-use home plans and service. Our organization has been entirely financed by the practicing architects who are members of this Bureau. We are in no way connected with the sale of real estate, building equipment or supplies. The plans we present in this publication represent long and serious study of many different types and kinds of small homes. Each plan has been prepared to eliminate waste, to build economically, to supply every home comfort and convenience within reason. Each plan calls for the use of stock materials and universal sizes of millwork. Our specifications call for building equipment easily and promptly delivered by your local material dealer. We have avoided designing homes that require special features, finish, trim and extras. We are...
