Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. New, Unabridged. 203 x 133 mm. Language: English . Brand New Book ***** Print on Demand *****.The year is 2020. The ten years leading up to 2020 had created such a high degree of divisiveness among the American people that in June of 2016 the divisive intent of both sides became a geopolitical reality. The fifteen states that accepted a Liberal/Socialist/Marxist form of government became the Blue States. A.k.a. Socialist America, governed by a Socialist President who would extend his presidency over a period of twelve years. The thirty-five Red States who were governed by the four Joint Chiefs of Staff of the former US military became Federalist America. The Red States fought and won the Mexican-South American Wars of 2016-2020, which were the consequences of a weak American president whose governing priorities had become a relentless redistribution of the economic wealth of America and the indefinite continuation of his presidency. Rather than defending and protecting America. A Native American Indian and war hero of the period, Captain Wicasa Wade Whitaker, returns to high school at the age of 20. He meets and wins the trust and love of sophomore classmate Jacqueline Constance Wannamaker. On September 11, 2020, the brutal assassination of their World Geography teacher by Anwar Muhammad Majeed turns their peaceful world upside down. Full of expected twists and turns characteristic of the author, The Justice Compulsion, [New Unabridged Edition], offers the reader insights into the futuristic world of 2020-2021, as Jacque and Wade take strikingly different but convergent paths on their way to preventing a devastating attack on America planned by Radic Islamic extremists for September 11, 2021-the twentieth anniversary of 9/11.
